

Revere Copper Products, Inc.

Tin/Zinc Coated Architectural Copper Warranty

Revere warrants that Revere *FreedomGray*[™] product will comply with the written specifications published by Revere and will be free from defects in workmanship and materials.

The warranty period is 25 years from date of sale except for coastal installations located within one mile from salt water. For coastal installations located within one mile from salt water, the warranty period is 25 years from date of sale for the copper substrate and 10 years from date of sale for the surface coating or finish. In coastal environments, Revere recommends that *FreedomGray*[™] product be thoroughly rinsed with fresh water quarterly.

This warranty covers only that material which is installed in strict accordance with Revere's published specifications and installation instructions for Revere *FreedomGray*[™].

This warranty does not cover unusual or uneven weathering, defects which are caused by or are the result of improper installation, architectural design of the building, unusual atmospheric or weather conditions, including pollution or harmful emissions, and/or events which prevent formation of or cause removal of the natural occurring oxide film. Defects discovered or discoverable upon delivery and inspection must be reported prior to fabrication and installation. Revere's liability under this warranty shall be limited to repairing or replacing defective material, with a maximum liability equal to the purchase price, less scrap value, of the original material. Under no circumstances will Revere be liable for any labor costs incurred in removing defective material or reinstalling replacement material or for any incidental, special or consequential damages for breach of warranty.

The Foregoing warranty is in lieu of all other warranties, express or implied, including implied warranties of fitness for a particular purpose and of merchantability, all of which are hereby expressly disclaimed.
